PROFESSIONAL EXPERIENCE

Oxford Analytica - Contributor

New York, USA

- Contributor to the "Daily Brief" for paid subscribers, covering North American and Australian politics and economics

Mundo - Creator and writer

New York, USA

- Founder of "Mundo", a newsletter focusing on current political themes. The newsletter has a readership of current and former US diplomats and National Security Council staff; business leaders in the US, Latin America and Australia; and political risk analysts, including the country risk heads for a US pension fund and the Economist Intelligence Unit

Asia Society - Advisor to Kevin Rudd, 26th Prime Minister of Australia

New York, USA

- Drafted speeches and articles for one of the world's leading China experts, and an internationally recognised leader on climate change and multilateral reform. Delivered to audiences including The Pentagon, West Point, international conferences and published in international media
- Provided daily analysis on major international political and economic issues
- Developed an expertise on China's political economy, which included managing ASPI's input for the quarterly China Economic Dashboard
- Pitched and liaised with major international media such as CNN, CNBC, Fox, Bloomberg, ABC Australia, New York Times, Financial Times, Nikkei Asian Review
- Co-managed Mr. Rudd's social media, with over 1.5 million followers
- Coordinated advance logistics as sole staffer on international trips with Mr. Rudd
- Chief liaison for Mr. Rudd's roles as chair/board member to foreign policy think tanks, global health, and peace & security organisations, preparing speeches, briefings, and providing trusted counsel
- Trusted to liaise with globally recognised political figures, business leaders, and academics

United States Consulate General - Political and Economic Advisor

Sydney, Australia

- Provided daily analysis to the U.S. Consul General on political and economic issues
- Accompanied the Consul General and Chargé d'Affaires to meetings with federal and state politicians and business leaders, providing briefings and talking points
- Researched and wrote over ten cables on state and federal politics, economics, science and technology, which were widely distributed within the State Department
- Served as site officer for a number of high-level visits and meetings, including the 2017 Australia-United States Ministerial consultations (AUSMIN), the highest bilateral meeting between Australia's Ministers for Foreign Affairs & Defence and the U.S. Secretaries of State and Defence
- Strategized for the Consul General throughout the Consular District for political outreach, accompanying the Consul General on two interstate visits to meet the state Premier and Cabinet
- Developed working-level contacts for the Consulate's political and economic section

Economist Intelligence Unit - Freelance Consultant & Contributor

Sydney, Australia

- Interviewed and reported on European Migration specialists and their data collection for a client project
- Published EIU pieces "Australia's Murray inquiry could transform industry", and "Thai banks may spurn SME loan pleas"

J.P. Morgan - International Commercial Banking Analyst

Sydney, Australia

- Led research for the team's bankers, including financial statement analysis, credit profile, company background, industry analysis, macroeconomic analysis and relationship overview
- Participated in client meetings, and managed client follow ups

Brevet Capital - Credit Analyst

New York, USA

- Performed deal structuring, due diligence, and asset-based credit analysis on over 30 transactions
- Performed in-depth industry research and financial modelling for the investment committee

Prior experience at the Australian Consulate (New York), the Clinton Foundation, and Nomura's investment bank
